

Inter-Industry Conference
on Auto Collision Repair

DIRK FUCHS

DIRECTOR, TECHNICAL PROGRAMS
AND SERVICES

Dirk's passion for the automotive industry began as a Technical Training specialist/instructor for Volkswagen Germany. Recruited by a global technology and supplies system provider offering comprehensive automated driving and electric mobility solutions for manufacturers and newly emerging transport and mobility service providers, Dirk's responsibilities included international technical service and sales training management. With nearly 20 years of automotive experience, Dirk is recognized as an industry subject-matter-expert in EV and ADAS technology. Dirk has been a featured speaker and panelist at automotive industry events, and has been active in supporting automotive-related associations surrounding national and state legislative activities.
